### Regarding Both Plans Above:

- No contract - month to month.
- Because you retain the keywords permanently, you never have to change your signs, you simply reassign them to your new listing, which our system can do same day.
- VIP Concierge Service: We will assign a personal concierge to you so that you may call, text, or email in Monday - Friday (10:00 AM to 10:00 PM EDT). Your personal assistant will change your property keyword to a new text response message and a new URL link to a new MLS Listing - keeping you up to the moment relevant on your listings without you having to access a back office yourself.
- Unused monthly plan texts expire each month.
- Additional (Roll-Over) texts available: \$75.00 per 1,000.
- Additional Keywords (for additional signs) available: \$10.00 per keyword per month.
- When you are notified by text at the same time of each opt in it will count as an additional text credit.
- Customized plans available for larger text and keyword requirements for bigger producers. Contact your MaxGroup Representative if interested.
